

# Guillotine 589

- High-quality guillotines for commercial use
- Sturdy metal table with non-slip rubber feet for firm standing
- Practical format lines on the table facilitate exact alignment of the item being cut
- Sturdy handle with generous hand protection guard for a safe grip while cutting
- Screw-mounted, ground upper blade for cutting precision
- Screw-mounted, ground lower blade for exact results
- High-quality, re-sharpenable blades made of Solingen steel for long-lasting cutting quality
- Sturdy, solid-steel blade holder for optimum guidance of the screw-mounted upper blade
- Metal guard plate for reassuring safety while cutting
- Material blade suitable for a wide range of different materials - different grind to paper blades. The full cutting height given cannot always be used with some materials deemed suitable for cutting: the full cutting height should definitely not be used when cutting paper. In this instance, we recommend using a guillotine with a paper blade.
- Stay-down D-bar clamp holds item being cut perfectly in place
- Two scale bars with mm scale for an exact 90° cut
- Adjustable, screw-fastening backstop in metal for quickly finding the right format can be used on both scale bars
- Extendible front stop up to 210 mm for cutting strips of equal width
- Can be locked to prevent unauthorised use
- DAHLE 589 with material blade for versatile use
- Practical stand with storage shelf with an optimum working height of 74 cm is optionally available (619)
- Material blade
- Blades can be sharpened
- Clamp can be applied manually or deactivated
- Lower frame optionally available
- 2 scale bars

 Commercial use:
