

Guillotine 597

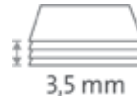

- High-quality guillotines for commercial use
- Sturdy metal table with non-slip rubber feet for firm standing
- Practical format lines on the table facilitate exact alignment of the item being cut
- Sturdy handle with generous hand protection guard for a safe grip while cutting
- Screw-mounted, ground upper blade for cutting precision
- Screw-mounted, ground lower blade for exact results
- High-quality, re-sharpenable blades made of Solingen steel for long-lasting cutting quality
- Sturdy, solid-steel blade holder for optimum guidance of the screw-mounted upper blade
- Perfected automatic safety guard for reliable protection and unobstructed vision while working
- Material blade suitable for a wide range of different materials - different grind to paper blades. The full cutting height given cannot always be used with some materials deemed suitable for cutting: the full cutting height should definitely not be used when cutting paper. In this instance, we recommend using a guillotine with a paper blade.
- Stay-down D-bar clamp holds item being cut perfectly in place
- Two scale bars with mm scale for an exact 90° cut
- Adjustable, screw-fastening backstop in metal for quickly finding the right format can be used on both scale bars
- Pull-out front stop, up to 210 mm for cutting strips of equal width
- DAHLE 597 with material blade for versatile use
- Material blade
- Blades can be sharpened
- Clamp can be applied manually or deactivated
- 2 scale bars

Commercial use:
always ready for top performance.

Cutting length 550 mm

Cutting capacity 3.5 mm

Table size (overall dimensions) 600 x 365 mm

Carries the GS DGVU (German Statutory Accident Insurance Association) test mark

Perfected automatic safety guard provides reliable protection and unobstructed view of the cutting edge

With material blade suitable for cutting all sorts of materials

Extended 5-year guarantee (except wearing parts)

German Engineering by Dahle
